—The Western Sullivan Telephone Co., New York State, on Wednesday purchased the line running from Bethel to White Lake and Monkaup Valley from the New York Telephone Co. and have assumed charge of same. As soon as the weather permits the line between Fosterdale and Bethel will be improved and a new line will be built up through Hurd.

—Chicago Methodists will descend upon the forthcoming General Conference of the Methodist Episcopal church at Minneapolis on May 4 prepared to make a vigorous effort to have removed from the Methodist discipline the ban now placed on dancing, card playing and theatre-going. This decision was arrived at recently by a majority vote cast by the Chicago Methodist preachers' meeting.

—The chestnut trees on the hills, north of Irving Cliff, are extensively infected with the fungus which is destroying so much valuable chestnut timber. A field agent has examined most of these trees and has marked certain of them for the field work of Mr. K. E. Rockey, who is to give instructions at the tree, next Saturday morning. The free illustrated lecture by Mr. Rockey will be held at the school auditorium at 8 p. m. Friday and the field trip will leave the school house at 8:30 Saturday morning.

—The Scranton Times scooped the New York and Philadelphia newspapers on the strike settlement story. The reporter who secured the scoop was C. Fred Henne. When he wound up his story over the wire he said he would start for home on the next train. Editor Lynott sent him a wire in reply saying: "Don't come home. Meet me in the morning at the Waldorf-Astoria." And the boys say that the boss did some neat things in the way of showing Henne a good time in New York including a seat at the National Publishers association banquet where the plates were \$10.

HIGH SCHOOL NOTES. Seven millions strong a year From a single fly doth appear; Exterminate with a swat—Secure The Citizen's net spot.

The classes in agriculture have made a number of good tests of milk, using the Babcock tester. Some milkman's lactical fluid was recently given a test and produced the magnificent (?) test of two and three-fifths per cent. butter fat.

Some people are still inquiring whether or not the library is free to the public. Why bless your heart, dear reader, it is as free as the air you breathe. If there were patronage to warrant it the library would be open every evening.

The High school wireless telegraphy outfit was in operation on Monday when the editor of The Citizen sent a message to the pupils of the school, telling them of the little booklet containing the first thirty lessons of the spelling contest, which could be secured at his office for only five cents.

Vincent Carroll, a member of the agriculture class, explained the method of testing seeds to a representative of The Citizen. Prof. H. A. Oday secured some oats and Vincent explained the process to us as follows:

"In order to test the vitality of these oats we planted them in a seed-tester, planting three squares of them, ten in a square. After allowing them seven days to germinate I found that they had all germinated, developing sprouts and roots of about one and a half inches in length. As they had all sprouted in the three squares, we had a sprouting average of one hundred per cent. The other fellows did not have as good an average as ours but averaging together the total result was 94.1-3 per cent. This is the germinating average."

The class desires to make tests for other persons. Farmers or local parties who would like to know the germinating average of their seed can send the seed to the school house in care of the agricultural class, Honesdale, and after the tests have been made the average will be forwarded. It takes a week to make a test.

HEARD AROUND THE CORNER

That the Citizen is conducting a fly exterminating campaign this season.

That it will offer \$10 for the first prize and \$5 as the second to the boy or girl in Honesdale and vicinity who will bring the largest number of dead flies to The Citizen office between May 1 and September 1, 1912.

That the flies must be killed and not picked off of sticky fly paper and brought to this office. Kill them with a swatter, paper, elastic or your hands.

That all contestants are requested to make weekly reports to The Citizen. If you send your "catch" be sure and enclose your name and address so credit will be given you. If you wish to live and strive, Let a spider run alive; But the fly, the pesky thing, Swat him and "get in the ring."

SPORTING NOTES.

Before a small crowd, the last basket ball game of the season was played at the rink on Tuesday night. The two teams were supposed to be the Rink Five vs. the All Stars, but neither team knew who was going to play with them, until just before the whistle blew.

The Rink Five missed the services of McDermott and Capt. Bader, their two star guards, very much, and substituted two of the G. C. team, Hessling and Welsh, both of whom played good games.

The game did not seem to have much life and at times neither team seemed to care who won.

The All Stars were composed of three Alerts, one G. C. club man and one Co. E. The first half ended 6 to 6 and the final score was 16 to 17 in favor of the "All Stars." Lineup and score:

All Stars..... Rink Team
Mangan..... F..... W. Polt
Tarkett..... F..... Ross
Koons..... C..... O'Connell
Rose..... G..... Welsh
D. Faatz..... G..... Hessling

All Stars baskets: Mangan 1, Tarkett 1, and 1 foul, Koons 1, Rose 1, D. Faatz 4; Rink: W. Polt 1, and 1 foul, Ross 5, Hessling 1.
